PARENTS PLEASE DRESS YOUR CHILD WARM. IT IS COLD OUTSIDE.

- ◆ We are very happy to have our students return in-person to school. We missed our Hornets!
- ◆ Please make every effort to have your High School student attend school every day. Attendance is so important due to all the missed time with teachers.
- ◆ Students need to work especially hard if they missed any work during remote learning. Spending time at home doing home-work and attending tutoring are ways for students to catch up or keep on track with assignments. Students who are online also need to "dig-in" and work every day to make progress toward finishing online classes by the end of the semester. **STUDENTS, STAY MOTIVATED! DON'T GIVE UP!**
- ◆ Benchmark testing will be held February 28th – March 8th. Please make sure your student attends school on the dates of testing. It is important that we measure how our students are progressing as we move toward State testing in April.
- ◆ After school tutoring is offered from 2:30 - 5:30 Monday to Thursday. Bus service is available. Snacks are provided. Check with teachers to see what days they will offer tutoring. This is a great time to get one-on-one help from teachers and to catch up on any missing assignments.
- ◆ Parents: Please update your contact information. We have a lot of non-working phone numbers that make it difficult to contact you in case of an emergency. Please call the school for assistance.
- ◆ Do not send or allow your student to come to school sick. We are still following COVID-19 protocols and if your student is sick, we will isolate them and call you to pick them up and take them to see a doctor and get tested. Please help our school community stay healthy!
- ◆ Seniors need to check with counselors on your progress toward GRADUATION! As the year moves closer to graduation, you need to make sure you have met all the requirements. The counselors send important information like the ACT testing, Scholarship applications, college and military visits, FAFSA, etc., to your Hornetland Email accounts. Please check often. The Senior class has been having meetings, please see Ms. Evonne Yazzie for information.
- ◆ We are currently planning for summer school in the month of June. Counselors have been sending home letters to students who are behind in credits. Please look out for further information being shared with students.
- ◆ Our next remote learning day will be on March 23, 2022. There will be no in-person school for students on this day and all assignments will be in Google Classroom. Please plan accordingly.
- ◆ Lastly, Congratulations to our Class of 2021 Graduates who were awarded the Chief Manuelito Scholarship from the Navajo Nation! Andre Joseph, Sicilee Silversmith, and Lucas Edgewater. We hope to have more in the next group of 2022 graduates.

Have a great month!

GANADO UNIFIED SCHOOL DISTRICT #20

Child Find Screening 2021-2022

Date:

Monday ~ April 11, 2022 (8:30 am—11:30 am)

(by appointment only)

What is Child Find?

Child Find is a component of the Individuals with Disability Education Act (IDEA '04) that requires Public Education Agencies (PEA) to locate, identify, and evaluate all children with disabilities, aged birth through 21, located within their boundaries of responsibility who are in need of early intervention or special education services.

When do we have Child Find Screenings?

Every 45 days our school hold Developmental Screenings for children birth to 5 years of age, whose legal guardian suspects a disability and who are not currently enrolled in a GUSD public school. The event will be on the school district campus and contact GUSD school to find location.

If you should have any questions, please feel free to contact the Exceptional Student Services Department Director, AnaManuela Rico.

Do to the timeline of COVID-19 and the new Omicron variant, information on how long it takes to develop symptoms once exposed, and when an infected person is no longer contagious is a little confusing. If you or someone in your immediate household is showing signs or symptoms of an illness, please have your child stay at home. This will eliminate any possible exposure at the school.

Below is some information on the infection of COVID-19.

When do symptoms start after being exposed to COVID-19?
Symptoms usually appear 2 to 6 days after exposure to the virus. However, it sometimes takes longer — up to 14 days — so it is recommended you wear a mask and minimize close contact with others for at least 10 days after exposure.

Once exposed, how long does it take to be contagious?
A person with COVID-19 may be contagious 48 hours before starting to experience symptoms. This is why it's so important to quarantine if you think you were exposed to COVID-19 and get tested 4-5 days after exposure or 1 to 2 days after symptom onset. Sometimes a person may not experience symptoms at all. Yet, if they have been exposed, they could still be contagious and should follow the same protocol.

When is a person most contagious?
People are most contagious early in their infection, especially from 1 to 2 days before symptom onset and 3 to 4 days afterward.

How long is someone contagious?
The current data available show people with mild-to-moderate COVID-19 are much less likely to be infectious after 5 days from the start of symptoms, and very unlikely to be infectious by 10 days after the infection.

As school continues, GUSD will mitigate the possibility of exposure to staff/student. This mitigation process will have to start at home, for both our staff and students. So, If you or someone in your immediate household is showing signs or symptoms of an illness, please stay at home and get a COVID-19 test if needed.

As always, thank you to our GUSD Community for keep our family safe.
