

Circle Art

This week we will be doing circle art, and just as the name you will be using:

- 2-3 different sizes of circles to create a masterpiece.
- Each circle should lay on top and next to each other.
- Remember to outline your pencil black marker.
- Color in each circle with different colors.
- Use the whole sheet of paper.

This lesson is just like the scribble art we completed earlier in the year. And just like scribble art, I would like you to use different colors.
